Closa met aangeleverde productschermen

Tweetalig script, beeldmapping, ondertiteling en bronverantwoording voor twee films met exact dezelfde beeldmontage.

DUUR	BEELD	TEMPO	TALEN
75 seconden	1920 × 1080	24 fps	NL + EN

Bronnen en beperking / Sources and limitation

De negen productschermen en het logo zijn door de gebruiker aangeleverd. Ze zijn niet onafhankelijk geverifieerd als de actuele applicatie of als bewijs van werkelijk appgedrag. Mensen en vastgoedbeelden zijn AI-gegenereerd; voice-over en muziek zijn eveneens AI-gegenereerd.

De presentatiekopieën maken de identiteit/contactgegevens van het ingelogde account onleesbaar. In het dashboard zijn ook de begroeting, metriekwaarden en recente activiteit onleesbaar gemaakt. De oorspronkelijke screenshots blijven intact.

The nine product screens and logo were supplied by the user. They were not independently verified as the current application or as evidence of actual application behavior. People and property footage are AI-generated; voice-over and music are AI-generated as well.

Presentation copies obscure the signed-in account identity/contact. The dashboard copy also obscures its greeting, metric values and recent activity. The original screenshots remain intact.

Storyboard en voice-over

Oplevering / Delivery

BESTAND	INHOUD
closa-nl-1080p.mp4	Nederlandse voice-over, gedeelde beeldmaster en muziek
closa-en-1080p.mp4	English voice-over; optional Dutch subtitle track, default off
closa-en-nl.srt / .vtt	Nederlandse sidecar-ondertiteling voor de Engelse film

De WebVTT-ondertitels staan bovenin om de belangrijkste scherminhoud vrij te houden. Plaatsing en ondersteuning van ingebedde MP4-ondertitels en SRT hangen af van de videospeler; deze staan standaard uit in de Engelse MP4.

WebVTT captions are positioned at the top to keep the main interface clear. Embedded MP4 and SRT caption placement and support depend on the player; the English MP4 subtitle track is off by default.

> **AI Document Intelligence**
>
> Scène 07 toont lege bevindingen en noemt alleen documenten en opties voor beoordeling door professionals. Er wordt niet beweerd dat bevindingen al zijn gegenereerd en er wordt geen automatische juridische advisering geclaimd.
>
> Scene 07 shows empty findings and mentions documents and options for review by professionals only. It does not assert that findings have already been generated, and no automatic legal-advice capability is claimed.
